

NAHR User Group Meeting Minutes

Date of meeting : 28th February 2016 20:00

Venue : Conference Call (details forwarded)

1. Minutes from last meeting
 - a. Accepted

2. Update International Advisor/ Industry Liaison – Tony Andrade
 - a. In absentia TA reported the following:
 - 1- Letters requesting financial support for the NAHR have been sent. I have even had responses requesting bank details to pay the funds into!! Two companies have indicated that they have already allocated funds in this year's budget to us.*

 - 2- I was at a registries meeting with Amplitude last Monday - full report to follow, but suffice it to say that none of the registries are happy with Amplitude and how they are managing the registries. There does appear to be a lack of resource from them to provide the services they say they can provide. At least one of the registries is seriously considering changing provider!!*

 - 3- Later that same day I was at a meeting with the BOA, again with the other registries. This was to discuss the TORUS concept! This would unify all registries under the BOA's watchful eye! Can provide a full report on that too.*

3. Data Quality and Completeness – Tim Board
 - a. See Annual Report

4. Annual Report – Matt Wilson
 - a. First draft accepted by all
 - b. Further draft to be circulated

 - b. This can be reviewed at BHS session with Carla Webb
7. Newsletter/ Website – Jon Conroy
- a. *1) is everyone happy that I email those adding to the database asking if they are happy for their names to be put on the website?*
 - i. Yes
 - b. *2) should we put the pdf of the results on the web?*
 - i. Yes
 - c. *3) can I write a generic information sheet on hip arthroscopy that can be downloaded?*
 - i. Cautious yes but with prior review and approval by the NAHR
UG
 - d. *4) do the guys think we could put a generic physio advice form on the web?*
 - i. Not felt to be helpful. Might be seen as NAHR approved advice undermining individualised advice from surgeons and physios
